

Welcome to *M/S Riddarholmen!*

M/S Riddarholmen was built in 1916 at Motala Verkstad (Motala Shipyards) and renovated in 1990. The ship is suitable for all kinds of festivities.

She was built for transportation of spelter on Göta Kanal, launched in June 1916, and remained in that traffic until 1969.

In 1990 she was bought by the shipping company Rederi AB Göta Kanal and was remodeled to suit passenger traffic on Göta Kanal.

In the end of 1996 she was succeeded by Charter Stockholm and moved to Riddarholmen in Gamla stan (Old town) for charter events. In 2010 Blidö Sundsbolaget bought the ship and she was moved to Skeppsbron in front of the Royal Castle.
